Sgt. 'Buys' the Drinks For An Entire Division

Soldiers of the 40th Division at Camp Cooke may not know that Sergeant Thomas M. Jones even exists—but they might miss him if he didn't.

Sgt. Jones, who lives at 3020 Winlock drive in Pacific Hills, is in charge of the supply section of the 578th Combat Engineer Battalion which supplies the National Guard Division with drinkable water. Thomas and his men can move portable water-purifying equipment to a new location, reassemble it, and produce 3000 gallons of pure water within four hours.

Jones is a veteran of World War II and was one time Commander of the VFW Post in Lomita.

In the field, Jones and his men must be able to supply 19,000 gallons of non-contaminated water each day. Samples of the decontaminated water are sent to the hospital for checking in the laboratory.

"It may not taste like a strawberry soda, but at least it's wet—and safe!" claims Sergeant Jones.

'Stick to Jobs' Supervisors Tell County Workers

Leaves of absence will not be granted to county employees desiring to work in war industries during the National Emergency.

Such was the policy adopted by the Board of Supervisors on motion of Supervisor Raymond V. Darby last week.

The decision was given to the Civil Service Commission at its request on what to do with those employees seeking leaves of absence to work in defense plants, or other war work.

The Supervisors were all of the opinion that maintenance of government, whether federal, state or local, was as important for survival of the nation, as work performed by a defense industry. Without government, the Supervisors declared, there would be no defense industry.

During the last war, the various levels of government suffered serious personnel shortages because of the general exodus of employees to defense industries, Supervisor Darby state.

District Moose Meeting Friday

The first district meeting of the Loyal Order of the Moose will be held Friday evening, February 16 at 8 p.m. in the Moose Hall, 1744 West Carson street.

Regional Director James B. West will present Frank Bell with a diamond emblem for bringing in more than 50 new applications, according to J. A. Evans, secretary.

Members of the local Lodge No. 785, and Women of the Moose, Chapter No. 44, co-sponsored a Valentine Dance Friday evening of last week at the Carson street hall. A similar affair is planned in the near future.

Mayor Favors Borough Plan

Mayor Fletcher Bowron came out strongly in favor of the borough system for Harbor City and the rest of Los Angeles in a meeting with Assemblyman Vincent Thomas last week, it was reported.

According to Thomas, Bowron endorsed the plan not only for the city proper but also for the entire county. A public hearing on the borough proposal has been set for February 26 in the state building, Los Angeles.

'Hunza House' To Feature Health Bread

The "Hunza House," 1619 Cravens avenue, named after a healthy tribe living in the Himalaya mountains, opened this week featuring a high protein whole wheat bread.

Mr. and Mrs. Albin K. Peterson, 202 Knob Hill avenue, Redondo Beach, natural food enthusiasts for the past 20 years, said the unusual bread is made of freshly-ground hard wheat, fresh whole milk, honey and yeast—all of which retains the natural vitamins and minerals of the wheat berry.

The formula for the bread was supplied by a Norwegian couple who discovered the method for making the bread from the "Healthy Hunzas." The bread has been endorsed by the American Academy of Applied Nutrition of Los Angeles, the Peterson's said.
